Plus Series

SUMMARY

Cybersecurity fresher (B.Sc. Electronics, CGPA 9.47) with CompTIA Security+ and Google Cybersecurity certifications. Hands-on experience in SIEM alert triage, phishing analysis, and incident response through LetsDefend and TryHackMe. Developed an n8n-based phishing analyzer automating IOC enrichment and threat classification, cutting manual triage effort ~50%. Working knowledge of cloud security fundamentals (AWS/Azure) and scripting (Python, Bash, PowerShell,). Seeking InfoSec Engineer role to contribute to enterprise security operations, threat detection, and compliance in dynamic security environments.

SKILLS

SOC   SIEM   Incident Response Fundamentals   Digital Forensics   Cyber Forensics   Kali Linux   Bash   Python

PowerShell   ISO 27001 Fundamentals   AWS   Azure   Cloud Security Fundamentals
